

Katalyst

The First Single: All You've Got

After a long wait KATALYST IS BACK with the **first official single** lifted from Katalyst's highly anticipated forthcoming album "**What's Happening**", the follow up to his Aria nominated and critically acclaimed debut "**Manipulating Agent**" in 2002.

The single is entitled "**All You've Got**" and features some of the best Australian & UK MC's on the scene today – namely **Ru C.L, Hau (Koolism)** and **Yungun (UK)**

Consistent with Katalyst's signature sound of powerful horns, strings and beats, this is one soulful tune that sticks in your head long after the song is over. Infectious female vocals combined with world class MC's gives this tune broad appeal, reminiscent of Danger Mouse or Lupe Fiasco's finer moments. The vocalists make social comment about being true to their art, themselves and the music, in an ever changing industry.

The single will be available as a download and limited 12 inch vinyl. The extended version of the single is an all-star Australian lineup featuring **N'fa, The Sleeping Monk, Mr Clean, Xela, The Tongue,** as well as new verses from **Hau & Ru C.L**

The 12" also features an alternative mix by Katalyst. The Blue Guerrilla mix is on a more rock tip with lots of guitars and heavy drums, giving this version a totally different feel to the original. This mix is heavy.

The fourth track on the 12" is destined to be another Katalyst dancefloor classic. "I Know A Place " from the forthcoming album, is an uptempo groover from start to finish. Big beats, catchy vocals and right amount of funk make this tune a DJ essential.

The video clip for "All You've Got" was shot on the streets of Sydney and is the result of 3 days of intense skating. Featuring some of Australia's most talented skateboarders as well as Hau, Ru C.L, The Sleeping Monk N'fa and Katalyst. Expect some hot skating and rapping from the crew in this one.
